● CONNECTED PRACTICE SOFTWARE

The connected AI practice suite.

Accounting, audit, client operations and tax compliance in one intelligent operating system.

One operating system for modern practices.

Client context, books, audit, compliance, billing and AI share one foundation.

Pick the starting point. Keep the whole picture.

Each product is useful alone. Together they create one practice rhythm.

ACCOUNTING & CLOSE

Books that carry the context - not just the numbers.

AUDIT MANAGEMENT

Every engagement, from planning to sign-off.

PRACTICE OPERATIONS

The client record your entire practice can rely on.

TAX COMPLIANCE

Tax work that stays visible until it is filed.

One client. Many controlled workflows.

Create context once and let every product reuse it with the right access, evidence and review.

CLIENT

**One source
of truth**

EVIDENCE

**Linked
documents**

CONTROL

**Roles and
approvals**

AI

**Context-aware
assistance**

Automation with professional judgement.

Ledzerly AI prepares, explains and prioritises. Your team retains approval and accountability.

1

Role-aware

Access follows the client, entity and role.

2

Maker-checker

Preparation and approval remain separate.

3

Evidence-linked

Documents stay connected to the outcome.

4

Activity history

Every action has a traceable record.

5

Human-reviewed AI

AI drafts; professionals decide.

6

Cloud workspace

One source of truth across locations.

An assistant that understands the work.

Ask, draft, explain and prioritise with role-aware context and human approval.

01 Ask the practice

Find client status, balances, deadlines and exceptions.

02 Draft the work

Prepare emails, checklists, journals and narratives.

03 Explain what changed

Turn variances and mismatches into a clear next action.

04 Keep judgement human

Important posting, filing and communication stay approved.

Start focused. Connect progressively.

A practical rollout that respects your current data, team and operating rhythm.

Start focused. Expand with confidence.

Clear entry points for businesses and CA practices, with customisation available when your operating model demands it.
